

Managed Transplant Program

More than 800 self-funded employers¹ depend upon the Optum® Managed Transplant Program (MTP) to manage the clinical and financial aspects of their transplant cases. By transferring risk to Optum®, employers pay a predictable monthly premium, while Optum pays virtually all claims associated with transplant cases. Employers value this fully insured carve-out product to help control costs, mitigate risk and enhance both the clinical and patient experience for transplant episodes.

A market leader for value

The Managed Transplant Program is a program that protects self-funded groups while enhancing the clinical experience for patients by partnering them with experienced transplant nurse case managers who help educate and guide them through the transplant experience.

Comprehensive program design

Covers virtually all transplant-related expenses one year post-transplant.

<ul style="list-style-type: none">No deductibles, coinsurance or copaysCovers all solid organ and blood and marrow transplantsPays transplant-related expenses through 365 days post-transplant, including immunosuppressant drugs	<ul style="list-style-type: none">Protection for the fill population begins as soon as coverage is boundUnlimited lifetime benefit for transplant services preserves annual max benefit of underlying major medical coverageStop loss premium credits typically result once coverage is in place	<ul style="list-style-type: none">Minimizes future stop loss premium increases by carving out transplant experienceGuaranteed renewable policyDrives increased stop loss persistency

Accessible, high-quality transplant care

- Superior patient outcomes.** Through diligence in quality assessment, Optum defines the best-in-class transplant Centers of Excellence (COE) facilities — delivering better results than non-COE facilities.²
- Broad COE programs nearby.** Optum transplant COEs include 164 facilities covering 880 programs.³

Unmatched experience and scale

With more than 30 years of experience managing transplants, Optum provides the experience and scale needed to help improve patient outcomes and control unexpected costs through capitation.

- More than 73M members with access to the Optum transplant network.⁴
- More than 5,000 transplants managed in 2016.⁵
- Dedicated, specialized clinical case management team with medical directors assists patients and caregivers throughout the episode.

For more information about MTP, contact your Optum sales representative, call 1-866-427-6845, email us at engage@optum.com or visit Optum.com.

Nationwide COE transplant network⁶
