### Optum HouseCalls

**Bringing proactive preventive care to members**

HouseCalls is an annual in-home clinical assessment for members of participating health plans. The assessment can improve performance on key Star measures. A HouseCalls visit results in a more complete and accurate identification of a member’s health conditions, which helps health plans manage care, improve quality and obtain more accurate reimbursement.

**Here’s how it works**

Members get valuable one-on-one time with an advanced practice clinician for a 45- to 60-minute visit in the comfort of their home. The program increases health plan visibility into members' diagnoses, medications and general health. This visit focuses on key areas and impacted quality measures, which may include elements such as:

<table>
<thead>
<tr>
<th>Physiological</th>
<th>Functional</th>
<th>Medication oversight</th>
<th>Environmental</th>
</tr>
</thead>
<tbody>
<tr>
<td>- Comprehensive Diabetes Care — A1c Testing (A1c Test)(^1,2)</td>
<td>- Care of Older Adults — Pain Screening(^1)</td>
<td>- Care of Older Adults — Annual Medication Review(^1)</td>
<td>- Social Determinants of Health</td>
</tr>
<tr>
<td>- Colorectal Cancer Screen (iFOBT Kit)(^1,2)</td>
<td>- Care of Older Adults — Functional Assessment(^1)</td>
<td>- Medication Reconciliation Post-Discharge(^1)</td>
<td>- Direct Observation of Home Environment</td>
</tr>
<tr>
<td>- Comprehensive Diabetes Care — Retinal Eye Exam (Retinal Eye Screen)(^1,2)</td>
<td></td>
<td></td>
<td>- Reducing the Risk of Falling</td>
</tr>
<tr>
<td>- Osteoporosis Management Post-FX (Bone Density Scan)(^1,3)</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

1. Conducted via lab test/screening for members with open gaps in care.
2. Patient self-reported data will close gap per HEDIS specifications.
3. Documentation of medication during the visit.

Helping to support continuity of care
Throughout the visit, the clinician identifies and addresses open gaps in care. As appropriate, they may refer members to pharmacists, care managers or social workers. Communication is a vital component of HouseCalls. After the visit, assessment results are communicated to the member, their primary care physician of record and the health plan, as directed.

Helping to mitigate future health risks
By closing gaps in care, HouseCalls helps members reduce health risks and decreases overall health care spending.
