

# Simplify your claim payments

## Who is Optum Financial?

Optum Financial is a fast growing business unit within Optum that will process \$276.5 billion in payments across 2.1 million providers in 2022.

Our trusted, configurable and secure payment platform enables seamless and frictionless health payments and financial experiences between payers and providers.

## Payer challenges addressed

### Modernize payment processes

85-90% electronic payment adoption by providers

### Reduce costs and improve provider experience

Eliminate check print/mail costs, reduce treasury and administrative expenses and leverage our vast network of 2.1 million medical providers and vendors to maximize electronic payment adoption

### Simplify reconciliation with transparency of payment transactions

Portal with comprehensive dashboard and visibility into all payment transactions and types by providing efficiency and reduces administrative burden

### Pay with less uncertainty

Minimize payment of fraud related to ACH enrollment with fraud mitigation and detection

In 2022, Optum Financial will have processed **\$276.5 billion** in payments across **2.1 million** providers.\*

## Product capabilities

- Processes payment types: check, ACH, Quick Pay and virtual card while reducing potential fraud risk
- Eliminates check print/mail costs
- Provides an online portal with real-time access to claim, payment and delivery data
- Offers unique payment preferencing that boosts electronic payment adoption and revenue sharing
- Electronic delivery of remittance with each provider payment
- Integrates seamlessly with existing claim systems and workflows
- Simplifies reconciliation and creates a single, unified system of record for all payment types
- Proven health care fintech solution allows for faster management, control and delivery of payments without being tied to a physical location
- HITRUST, PCI, SOC1, SOC2, HIPAA and NACHA certified

### Deliver a better payment delivery experience

Eliminate paper checks and offer more claim payment options to providers

Simplify reconciliation of payments with claims data

Reduce payment fraud related to ACH enrollment

Move all your out-of-network payments to electronic payments
