

Streamline your payment experience with Optum Pay

A health care payment delivery solution designed to boost efficiency and improve cash flow, Optum Pay[®] empowers providers to choose how to receive payments across a broad network of health care payers. It also provides secure, easy access to electronic and proprietary remittance advice that providers need to reconcile payments – freeing up resources so providers can focus on patient care. It's part of our commitment to create a new standard for how health care is paid for – making the process easier for providers, patients and payers while increasing the affordability and availability of care.
