

Request for access to Protected Health Information (PHI)

You have a right to access and inspect records containing your protected health information (PHI) that Optum® Infusion Pharmacy keeps and uses to provide pharmacy services to you. According to the Health Insurance Portability and Accountability Act, these records are called the Designated Record Set (DRS). Your DRS includes prescription order information and other records used to make decisions about the services you receive.

Please note: If you need a list of the prescriptions you filled through Optum Infusion Pharmacy, simply call customer service at the member telephone number located on your pharmacy materials and ask us to mail you a copy of your medication history report.

Use this form to state the type of records you need and provide the date range for your request. Be as specific as possible.

Optum Infusion Pharmacy may impose a reasonable, cost-based fee for a copy of your protected health information, as permitted by the Privacy Rule.

Optum Infusion Pharmacy will respond to requests submitted by your authorized representative, such as a parent, court-appointed representative or other family member, provided your representative is authorized by you to receive your PHI. However, we may ask for more information from you or your authorized representative to verify the right to act on your behalf.

Your request for a DRS applies only to services provided by Optum Infusion Pharmacy. To obtain other PHI regarding services or benefits not provided by Optum Infusion Pharmacy, contact the company that provides those services or benefits.

If we are unable to send a copy of your DRS within 30 days from the date we receive your request, we will let you know about the delay.

Request for access to Protected Health Information (PHI)
