

Form Instructions: Complete this form to transfer funds from another health savings account (HSA) or Archer Medical Savings Account (MSA) trustee to your HSA held by Optum Bank. Your Optum Bank HSA must be established before Optum Bank can complete a trustee-to-trustee transfer.

This form must be submitted to the transferring trustee, and not Optum Bank. Please note, the transferring trustee may require additional information in order to complete your request.

General Information

- Transfers to your Optum Bank HSA must be in cash equivalents. Optum Bank does not accept “in-kind” transfers of mutual funds and/or other securities.
- The IRS permits HSA assets to be transferred from one HSA trustee to another HSA trustee via two methods—a trustee-to-trustee transfer and a rollover.
 A **trustee-to-trustee transfer** occurs when the current trustee sends the HSA funds directly to the new HSA trustee. The IRS does not limit the frequency of trustee-to-trustee transfers.
 A **rollover** occurs when the accountholder receives a distribution of the funds from the current trustee, and within 60 days deposits those funds into a new HSA. Per IRS regulations, only one rollover every 12 months is permitted. If you are conducting a rollover transaction, please complete the HSA Rollover Request Form and not the Trustee-to-Trustee Transfer Form.
